

## Text messages that boost your children's learning

### What should I expect as a parent or caregiver?

Parents and caregivers are an important part of the learning team. To make that role a little easier, we've partnered with ParentPowered. Each week they'll send you three short text messages. The messages will give you easy ways to connect with your child and support their learning.

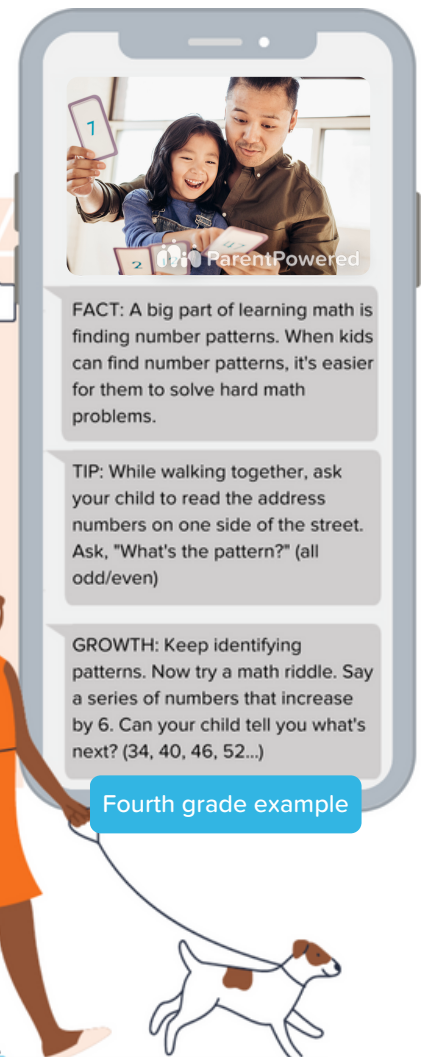

Every message is aligned to your child's age or grade. And each tip is built around everyday routines. No supplies needed, just the people, places, and things around you!

### How much does it cost?

While there is absolutely no cost for participating in this program, data & message rates may apply.

### What if I want to stop receiving texts?

You can choose to stop receiving the texts at any time by texting STOP to 70138. If you have additional questions or need help with the program, you can text HELP to 70138 or email the ParentPowered team at [support@parentpowered.com](mailto:support@parentpowered.com).
